21 - What specific advice would you have for this instructor about things he/she could do to help you learn better?

Response Rate	2/13 (15.38%)

• I appreciated the visual learning that we did with the movies and videos. These helped to get a better understanding of the material, but we didn't do very many of them.

• Creating more engaging assignments both in class and out of class. I'd like to do more than just talk every class.

22 - Please explain how assignments and activities supported the learning outcomes for the course.

Response Rate	2/13 (15.38%)

• The papers or reading we did were analyzed in class.

• The readings we did gave me new perspectives on the world and helped me view our world in a different way. By reading the excerpts that we did, I was able to learn the course material well.
